Agile Mumbai (AM) is Agile Network India’s initiative bringing the best and most emergent ideas about modern methods like Lean, Agile, Design Thinking etc. and also brings a unique and professional gathering of some of the most important global minds working in the field under one roof.

AM has become one of the most important platforms for the Agile community in India since its inception in 2019 and it has featured some of the most important knowledge sharing, networking, keynotes and professional interactions for Agile practitioners, Business Leaders, Executives and Professionals all over.

ACCELERATING BUSINESS AGILITY THROUGH AGILE TRANSFORMATION

Currently, the focus on “Business Agility” has taken center stage across various domains & industries with numerous technological disruptions and remarkable changes in the business environment and the ever changing expectations of customers.

On the other hand, “Agile Transformation” focuses on the change in the mindset of the people to imbibe the ability to accept change, become agile and eventually lead to the creation of an agile culture resulting in business agility and enhanced business effectiveness.

The interlinking of the above two concepts underlines the main theme of our conference which is -- Accelerating Business Agility through Agile Transformation.

Keeping in mind the above scenario, ANI is conducting this conference to bring together practitioners of business agility and agile transformation from various industries and domains so that they may learn from each other and succeed more effectively at enhancing customer delight.

SESSION THEMES

• Business Agility
• Technical Agility
• Agile Transformation and Coaching

PANEL THEMES

• Evolution of Business Agility in Banking and Fintech
• Survivability of Enterprises in the VUCA world
• Innovation beyond tools in nurturing Technical Agility
• Impact of leadership in transforming Personal and Enterprise Agility
